- Suitable for wide entrances
- Attractive modern design
- Environmentally friendly
- Made in Sweden

Antenna

- Width 345 mm
- Height 1600 mm
- Thickness 20 mm
- Thickness at base 140 mm
- Weight 36,2 kg

Add-ons

- Remote service
- Integrated MDG
- Etched logo
- Prisma light
- Protection buffers

Power consumption

- 2 Antennas 23W, MDG + 6,2W
- 3 Antennas 26W, MDG + 9W
- Power supply AC/DC
 - Input 100-240VAC, 50/60Hz
 - Output 24Vdc

Working frequency

- RF Center frequency 8.2MHz
- RF Frequency band of operation 7.7-8.7 MHz
- MDG Frequency 78.1kHz

Alarm

- Audio level (adjustable) 95dBA

Environmental

- Ambient temperature 0°C to 50°C
(32°F to > 122°F)
- Relative humidity 0 to 90%
Non-condensing

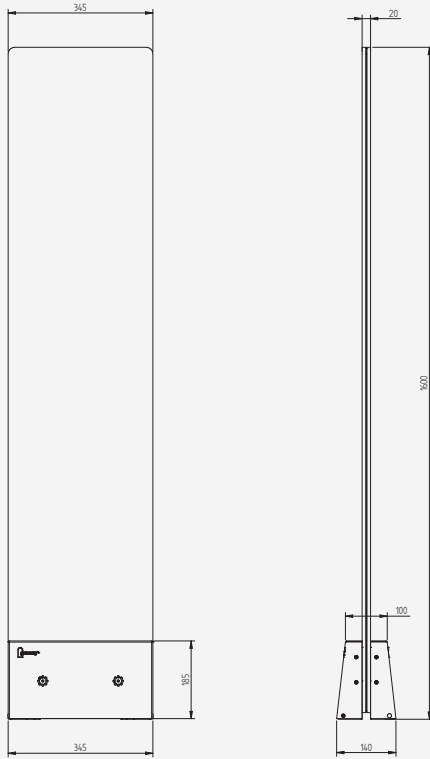

Approvals

- CE, CB
